SUBJECT **REDWOOD AERODYNAMIC - Preliminary Debriefing of Subject of Reference**

ACTION REQUIRED - REFERENCES

Reference: OBBA-17903

1. It is interesting to note the inferences made by Subject that his son might belong to a "sort of underground". Some elaboration by Subject would be appreciated as to the specific hints made by his son which would indicate he was active in an anti-regime underground movement. The implications made in the preliminary debriefing are just too vague to be of any use.

2. The pocket search for tourists referred to in paragraph 3, though not standard routine, has happened on occasion during the past two years, and a tourist should always be prepared for such eventuality.
